2023 / 2024

About ECP Safeguarding Annual Impact Report

ECP has had an impressive year; through our expert-led training and consultancy services, we have equipped over 20,000 professionals with the skills and knowledge needed to identify, prevent, and respond to safeguarding concerns.

Our comprehensive courses, covering areas such as child protection, safeguarding adults at risk, and online safety, have set a high standard in the field, empowering organisations to implement robust safeguarding practices. By continuously evolving our programs to address emerging risks, we built

our portfolio to ensure safer environments for those most vulnerable in our communities.

Guided by our core values—Empowerment, Care, Innovation, and Collaboration—our mission is to provide safeguarding training and support that empowers everyone to be safe. Our vision is clear: to cultivate a safer society, today. We are passionate about safeguarding and are committed to building trusted relationships, making ECP Safeguarding an integral part of your safeguarding journey.

CEO FOREWORD

Foreword from the CEO

It is with great pride that I present our latest impact report at ECP Safeguarding. Our mission and values continue to guide our daily work, fostering long-lasting relationships and collaborating to safeguard the most vulnerable among us from potential risks.

This year, we have strengthened our commitment to establishing a safe and effective safeguarding culture for both children and adults, empowering them to reach their full potential. At ECP Safeguarding, our dedicated team remains devoted to enhancing professional capabilities through innovative, high-quality training and collaborative partnerships. We are resolute in our pledge to support you on your safeguarding journey.

In response to the evolving needs of our partners, we have expanded our service offerings to include resources to elevate our training and services, providing a free, accessible and simplified way to access the most up to date information. This strategic approach leads with our values, how much we care and our drive to share our passion to empower all professionals to make informed safeguarding decisions.

Our impact report showcases our collective efforts, highlighted by the increasing number of professionals achieving safeguarding accreditation through our services. Every individual deserves safety and protection, and as CEO of ECP Safeguarding, my mission is to extend these fundamental rights to as many individuals and organisations as possible. We strive to ensure that everyone we work with feels empowered and confident in implementing robust responses to safeguarding situations they encounter. Thank you for your continued commitment to protect those you work with, and choosing us as your partner on your on-going safeguarding journey.

OVERVIEW

Our Training

Throughout 2023-2024 we have successfully trained

17,097

professionals through our face-to-face, live virtual, and self-paced training courses

Our dynamic team of professionals is committed to delivering high-quality safeguarding services, empowering professionals who work with children and vulnerable adults. We continue to evolve our services and take pride in continuously reviewing and modifying our offer, to ensure we are meeting our clients needs within their safeguarding journey.

OUR TRAINING

Face to Face

We are pleased to see partners increasingly inviting our consultants to deliver face-to-face courses. The positive impact on professionals and the strengthened relationships fostered through this in-person format have exceeded our expectations. This approach continues to enhance both engagement and learning outcomes for all.

In the year 2023-2024 we delivered

373

Face to Face training courses

We have trained

5917

as part of our Face to Face courses

Very good training which was pitched at the right level and made great of anecdotes, scenarios and life.

OUR TRAINING

Live Virtual

Our live virtual training sessions have effectively provided high-quality learning environments with the flexibility professionals need. This format has enabled us to reach a wider audience, removing geographical limitations while maintaining the same interactivity and engagement as face-to-face training. Professionals benefit from real-time expertise, dynamic discussions, and the immediate application of new skills within their own settings.

In the year 2023-2024 we delivered

213

live virtual training courses

We have trained

3079

professionals as part of our live virtual courses

One of the best safeguarding training sessions I have attended. I was impressed with how much we were able to cover within the time frame. I liked how the use of visuals, polls, videos and breakout rooms kept the session fresh and relevant.

OUR TRAINING

Self-Paced

Our self-paced training has empowered professionals to manage their own development with the flexibility and accessibility required in today's demanding work environments. We have continued to prioritise expanding our self-paced offer, launching new CPD opportunities, accredited courses, and facilitator programmes. These initiatives enable our partners to access knowledge and expertise affordably and at times that suit their workforce.

In the year 2023-2024 we delivered

257

self-paced training courses

We have trained

8101

professionals as part of our self paced courses

The facilitator for today's session was excellent, providing clear explanations and engaging the participants effectively. The session was informative and well-structured, making it easy to grasp the concepts presented. Overall, it was a valuable learning experience.

NAVIGATING

The Digital World

Our online safety training program has been a resounding success for another year. The training, tailored specifically for young learners, focused on critical areas such as recognising cyberbullying, safeguarding personal information, and understanding the importance of digital citizenship. The training saw high engagement, and reported increased confidence in their ability to navigate online environments safely.

Emotional Wellbeing & Resilience

Our education for pupils program, focused on anti-bullying, healthy relationships, and mental health, has had a significant impact in elevating teachable moments with pupils. It empowers staff to confidently address challenging safeguarding topics, creating safer and more supportive school environments. By addressing key issues such as conflict resolution, emotional resilience, and inclusivity, our program has empowered pupils to build healthier, more respectful relationships both inside and outside the classroom.

TRAINING MEMBERSHIP

Safeguarding Society

The success of our Safeguarding Society training membership has been a key driver of our impact this year.

Through active engagement and growth of our membership base, we have strengthened our network, delivering comprehensive training and advice to support our members. **Our membership increased from 28 to 54 clients** across the Education and Further Education sectors. **63% increase in professionals trained from last year.**

We have successfully trained 5038 professionals across:

3095 professionals through our Education membership

623 through our Further Education membership

1320 through our spotlight packages

Consultancy, Audits and Supervision

In the year 23-24 we delivered **109 consultancy and audit services.**

The rise in bookings for consultancy, audits, and supervision reflects the growing recognition of the value we bring in these crucial areas.

This increased demand highlights our strengthened reputation and the success of our strategy to deliver tailored, high-quality services.

Our consultancy has empowered organisations with actionable insights, while our audits have provided rigorous assessments to ensure compliance and operational excellence.

Our supervision services have reinforced professional practices, fostering a culture of continuous improvement. We are delighted to share our expertise and further strengthen our role as a trusted partner in driving organisational effectiveness and governance.

FEEDBACK/QUOTES:

“
It was reassuring to have someone to talk to, in supervision, about the demands and pressures of the roles. It was helpful to have someone reflect back the issues we discussed and to be constructive about how to approach things going forward.”
