

YEAR 4 – ONLINE SAFETY

IN THIS ASSEMBLY YOU WILL:

- Explore what we enjoy doing online (videos, games connecting with others etc).
- Begin to identify the various online hazards and dangers through our online mission to 'capture the flag'.
- Explore what makes a strong password, and how to keep this information safe.
- Explore usernames, and how we can protect our personal information.
- Identify ways we need to protect our personal information when doing certain activities online (taking photos, posting pictures, posting updates, live streaming etc).
- Begin to identify that not everyone is who they say they are online.
- Learn the importance of making our online accounts private. Explore different privacy settings on social media platforms.
- Begin to explore the importance of seeking consent to share content about others online.
- Learn how quickly and how far something can spread online; and the impact this may have on you or someone else - 'Share smart, share safe, be kind.'
- Explore cyberbullying and the importance of being kind and caring when we are online.
- Identify who trusted adults are that we can turn to for advice and guidance.
- Understand why it is important to ask first before downloading a new game, app or visiting a new website.
- Where to get help – introduction to CEOP and Childline as sources of support.
